

CLOWNS, FAIRIES, AND ZOMBIES ARE RUNNING OCTOBER

This October, monsters are raiding the theaters and we are about to discover what makes a real monster.

Madness and depression brought this criminal monster to life and you won't want to miss the dark and disturbing origins of Arthur Fleck (played by Joaquin Phoenix) as he transforms into JOKER on October 4.

The romantic story of Aurora and Prince Phillip continues with wedding bells, but godmother Maleficent returns with a dark fantasy. Bent by evil and heartache, the new movie takes us beyond the fairy tale in MALEFICENT: MISTRESS OF EVIL on October 18.

After 10 years, the whole gang is back and they're ready to take on more zombies. (Well, the gang was back together before Little Rock ran off with a guy from the streets...) Erm, anyways, put your survival skills to the test alongside Woody Harrelson, Jesse Eisenberg, Emma Stone, and Abigail Breslin! ZOMBIELAND: DOUBLE TAP strikes into theaters on October 18.

Movie Screenings in October:

Joker

The Addams Family

Gemini Man
